Dear Parent or Carer

A confirmed case of COVID-19 in our School

A member of our school community has tested positive for Covid-19. The school is working closely with Salford's Public Health Team to reduce the risk of infection for your children and our staff.

We have followed the national guidance and have identified that your child has been in close contact with the affected person. In line with the national guidance we recommend that your child now stay at home and self-isolates until **24th September**

We are asking you to do this to reduce the further spread of COVID 19 to others in the community.

If your child is well at the end of the 14 days period of self-isolation, then they can return to usual activities. If they become unwell with symptoms please arrange a test (see below). However, a negative test does not mean that your child can return to school earlier than 14 days.

Other members of your household can continue normal activities provided your child does not develop symptoms within the 14 day self-isolation period. This is because they are NOT contacts of the positive case. They are contacts of contacts of a case. Contacts of contacts do not need to self-isolate unless someone in their household develops symptoms or they come into contact with another case.

Please see the link to the PHE Staying at Home Guidance

If you think that someone else in your household has come in contact with a confirmed case or you need help or advice about self-isolation, please call the Spirit of Salford helpline on 0800 952 1000. Also, if you need public health advice on testing, that is the number to call.

‘St. Andrews continues to be a good school... and is a happy place. The pupils that I spoke with are proud to belong to a school where the differences between people's culture and beliefs are celebrated. Pupils told me, ‘We welcome everybody; we are all friends’. Staff are very proud to work at the school. Leaders and staff are determined that all pupils will achieve their very best.’ OFSTED 28.01.2020

Public Health Advice on symptoms

As your child is identified as a contact of a case, please try not to worry. For most people COVID-19 is a mild illness.

If anyone in your household becomes unwell with one of the symptoms of Coronavirus (COVID-19) to book a test by ringing 0800 952 1000 or 119 or go to <https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/get-a-test-to-check-if-you-have-coronavirus/>

Symptoms of coronavirus (COVID-19) are recent onset of any of the following:

A new continuous cough

A high temperature (fever)

A loss of, or change in, your normal sense of taste or smell (anosmia)

Any one of the above symptoms gives reason for high level of suspicion for COVID-19.

Information about COVID-19 symptoms and management of the virus can be found here, www.nhs.uk/conditions/coronavirus-covid-19/

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards
