

Year One Homework : 5th December

Each week there will be homework to complete. This homework is spellings and a Maths task which links to our learning. If you would like to do more learning at home then please continue to read for 10mins a day, or take a look into one of our subject areas which interest you. Look at our newsletter for more ideas.

Learning in school : This week we have had such a busy time learning and experiencing new things. In school we have been visited by an Elf which has been playing tricks in our classroom – this has lead our children to start writing some excellent letters to Santa and the Elves. We have also been learning new skills in Maths using a new resource called a Rek’N’Rek – this is similar to an abacus and helps us with counting before moving into addition and subtraction. We loved this lesson!

Spellings to practise at home : Over the next few weeks we are going to focus on spellings from our Read, Write Inc phonics focus sounds. These are sounds which we have learned in lessons at school. We have been learning about the split diagraph i-e. This breaks up the sound over another e.g. *mine*.

mine

dice

fine

line

mice

nine

five

drive

time

prize

Maths homework : This can be found on Mathletics on this link <https://login.mathletics.com/> Your login is in your reading record file. Our focus this week in Maths has been into addition and we are now starting subtraction. For your homework, I have set some subtraction tasks to help you understand what the processes are and what happens to the number.

Happy learning! Mrs Bray ☺
