

## Year One Homework : 28<sup>th</sup> November

Each week there will be homework to complete. This homework is spellings and a Maths task which links to our learning. If you would like to do more learning at home then please continue to read for 10mins a day, or take a look into one of our subject areas which interest you. Look at our newsletter for more ideas.

**Learning in school :** As you know, this week we have started to learn our Christmas performance. Everyone has been given their parts now, and it's time to really get learning those lines at home. If you have been given a script, please practise as much as you can. As well as this learning we have completed work into finding out about the past by asking questions – is there someone older than you at home who you could ask questions about how they grew up? What was it like being a child when they were little? What has changed?

**Spellings to practise at home :** Over the next few weeks we are going to focus on spellings from our Read, Write Inc phonics focus sounds. These are sounds which we have learned in lessons at school. The focus this week are ie and igh which make the eye sound e.g. high and pie

*high*

*pie*

*sigh*

*lie*

*light*

*tie*

*night*

*die*

*fight*

*fried*

**Maths homework :** This can be found on Mathletics on this link <https://login.mathletics.com/> Your login is in your reading record file. Our focus this week in Maths has been into addition and we are now starting subtraction. For your homework, I have set some subtraction tasks to help you understand what the processes are and what happens to the number.

Happy learning! Mrs Bray ☺
