

Year One Homework : 17th October

Each week there will be homework to complete. This homework is spellings and a Maths task which links to our learning. If you would like to do more learning at home then please continue to read for 10mins a day, or take a look into one of our subject areas which interest you. Look at our newsletter for more ideas.

Learning in school :

We have been learning all about the world around us in Geography and finding out about what aerial maps show us / how maps are useful. We have drawn maps of our playground and thought about what our DREAM playground would have in it. If you could design a playground – what would you put into it? A rollercoaster? A beach? The ideas are endless. Have a go at designing your own, but don't forget a key!

Spellings to practise at home : This week are looking into the focus of the sound air spelt 'air'. We think of this by saying *that's not fair*.

fair
chair
stair
hair

flair
lair
pair
air

Maths homework : This can be found on Mathletics on this link <https://login.mathletics.com/> Your login is in your reading record file. Our focus this week in Maths has been again to count along a number line. We have been tested a lot also, with our counting backwards and skip counting e.g. counting on 2 more or 3 less. Try your tasks at home to secure our learning in school.

Happy learning! Mrs Bray ☺
