

Spellings and Times Tables Week Three

Mathletics: Year 4 have been learning all about using a column addition method for adding two numbers. Everyone has been working so hard to use their understanding of place value to add HTO and Th HTO (3 and 4 digit numbers) without regrouping. This has been a really big challenge for some of us, so I am so proud of the hard work Year 4 put into explaining how they solved the problems they had. Check Mathletics for more to practise at home.

Times Table Rock Stars: This week we will start focusing on times tables which link together more directly. To begin with I would like you to look at the 3,6 and 9 times tables – can you find any patterns?

If you follow this link, you can also find some games to play to help you recall facts : <https://www.topmarks.co.uk/maths-games/7-11-years/multiplication-and-division>

MyOn : Have you looked in our classroom online library? These books are a little project to keep Year 4 reading as much as we can and gaining our reading targets - can you take on a challenge?

Spellings: This week our spelling rule is : Returning to the Year 4 word list. These are common words which we find in our reading and use in writing a lot. Could you try to remember as many as you can?

Red	Yellow	Green
<i>appear</i>	<i>eight</i>	<i>imagine</i>
<i>breathe</i>	<i>eighth</i>	<i>knowledge</i>
<i>continue</i>	<i>experience</i>	<i>eight</i>
<i>disappear</i>	<i>famous</i>	<i>eighth</i>
<i>early</i>	<i>favourite</i>	<i>experience</i>
<i>heard</i>	<i>guard</i>	<i>famous</i>
<i>naughty</i>	<i>guide</i>	<i>favourite</i>
<i>promise</i>	<i>height</i>	<i>suppose</i>
<i>remember</i>	<i>imagine</i>	<i>separate</i>
<i>thought</i>	<i>knowledge</i>	<i>peculiar</i>
